

How do you determine if your vehicle is a Flex Fuel vehicle?

1. Open up the fuel door on your vehicle and look for an E85 sticker on the door or a yellow E-85 Fuel cap (see attached pages for photos).
2. If sticker or cap is not present go to the following website for step by step instructions for determining if your vehicle is a Flex-Fuel Model:
<http://www.e85fuel.com/e85101/flexfuelvehicles.php> .

E85 / Gasoline

E85 / Gasoline

736VZ180

 or/ou  

E-85

NOTICE | **AVIS**

Do not use additives with E-85 fuel. | Ne pas utiliser d'additifs avec le carburant E-85.
